I am pleased to announce that we have started Premarital and Preconceptional counseling clinic with the name of ‘Neev’. This clinic’s goal is “Healthy & Happy Family”. Here we are providing premarital and preconception counseling and couples are counseled on various issues like contraception, STD & AIDS, psychosocial issues etc. Premarital counseling helps in ensuring that would be couple have a strong, healthy relationship so as to give you a better chance for a stable and satisfying marriage. It is also considered as the primary preventive approach for couples planning for pregnancy, so as to ensure a healthy baby. Here various tests are advised to couples to ensure their and their future baby’s health.

All the information of the clients is kept confidential. It gives the couple a chance to optimize their health before entering into marriage and pregnancy. Couples can be immunized for few diseases like Hepatitis B, Rubella if not previously immunized.

Premarital and Preconception counseling are considered a step towards healthy society and allowing people to enjoy life.

A “NEEV” for a strong and a healthy family.
